FOR YOUR PROTECTION:

Note: Please include all names authorized to charge on your open account or note that a purchase order is needed. For your protection, if we don't get authorization from the above names or cannot reach any authorized person, we will not be able to release the rental items...please include all numbers where you can be reached...Thank you.

We now offer Damage Waiver. If you elect to accept this protection, we will waive our right to recover from you the loss resulting from direct physical damage to and loss of rented equipment, such as that resulting from collision, fire, windstorm, upset, and riot. We exclude from this waiver any loss due to misuse or abuse (such as improper lubrication), theft, burglary, intentional damage, or mysterious disappearance. Please refer to our contract for complete details.

The cost of the equipment protection plan is ten (10) percent of the total rental fees for all rented equipment. When you compare our plan costs with the cost of providing us with coverage on your insurance policy, we feel you will find our charge is minimum, particularly since you are paying only for protection for the period you rented the equipment.

If you wish to decline Damage Wavier Protection for your rental equipment, please do so in writing and we will be happy not to include it in your billings. Simply mail or fax us written verification that you are declining *Damage Waiver Protection* and thereby are responsible for all damages to equipment rented while in your possession.

Signing and submitting the application without written documentation of you declining the damage waiver protection denotes acceptance of the plan.

Please note: All information on this credit application is held in strictest confidence.

TERMS: 1% 10th/net 30. Monthly service charge of 1 1/2% on past due balances. We charge for all time equipment is out, including Saturday, Sunday and holidays. A delivery and pickup service is available.
